

Summer School Website Report

The Vyne Community School conducted Summer School from Monday 26th to Friday 30th of July 2021. Our Summer School offer was designed following the Summer Schools Guidance published by the DfE.

What we offered

The main offer for The Vyne School's Summer School was for Key Stage 2 to 3 transition, specifically around academic transition with core subjects. We were also able to offer some places to students transitioning between Year 7 and 8 who were vulnerable.

The school engaged the services of Teachus Camps to deliver our Summer school, 4 members of our school staff also took part in the programme, including the Headteacher and Year leader for the cohort.

What?	Description	Number invited	Selection process
Core lessons (English, Maths, Science)	This part of the programme was designed to enable our incoming Year 7 students to experience secondary school lessons as well as enabling subject experts to highlight any potential gaps/ concerns	150	All new students. (Additional spaces offered to existing Year 7 students)
Visual and Performing Arts	All incoming Year 7 students had the chance to take part in art and drama. The social aspect of transition was key and this allowed students to work together and perform together.	150	
Sport	Sports coaches organised activities for students to be active, as well as tournaments to highlight successes and strengths	150	
Educational Visit	The students visited a local wildlife park to enrich their week and allow further social interactions with their new peers	150	
Educational Resources	Tablet and educational resources (calculator, dictionary, pens, water bottle)	150	
Lunch	Lunch was provided each day for all students	150
